

Key Features / Full Circle Cycle Stand

Design Variations

Full Circle is available either with or without a crossbar, which is an aid to stability of the parked bicycle.

Materials and finishes

Grade 304 Stainless steel with peened and electro-polished finish to tubular elements.

Fixing

Two No. spigots to allow for resin bound fixing into pre-installed below-ground footing.

Size and weight

Pre-installed dimensions of 1100 high (including spigots) x 900 diameter.
12Kg overall weight.
